COLDS

That homeopathic remedies will be of benefit is disputed by a large percentage of all colds being constantly referred to "Seventy-seven."

To get the best results from "Seventy-seven" at the first touch of a cold—laugh it off.

If you walk with pleasure, go outside and exercise, it will take care of it.

CHECOTAH WIN BEING GROOMED FOR COMMITTEE

CONTINUED FROM PAGE ONE

Williams is not becoming more or less of a citizen of Oklahoma, he is becoming more and more a member of the party. It is said that nearly all of the east side is committed to the law breakers.

Much talk is heard with reference to the meeting last week of the Pittsburg county republican meeting. A. H. Geissler, republican state chairman attended the meeting and made a speech which is being widely commented on. Among other things Geissler said:

"We showed the democrats last fall that it is possible for Oklahomans to be republicans. The fact is our party is this state right now is not so much lacking in voters as in faith in its own ability to win. In the last election a great many democrats voted for a part of the republican ticket. The democrats are beginning to realize that they are in very different surroundings than they were in Texas, Georgia and Mississippi and can afford to vote the republican ticket. In Oklahoma they are beginning to understand that they don't have to vote the democratic ticket in order to prove themselves better than the negro. The results of the last state election show that we can afford to make an aggressive campaign. There are times when it pays to conduct a necessary campaign, but aggressiveness was never more necessary and appropriate with us than now."

"I am not one of those who believe the socialists are an undiluted blessing to the republican party, but they have built up a vigorous organization in Oklahoma in a few years in the face of the fact that while there may be an excuse for them in industrial centers there is no excuse for them in agricultural centers. The group of the socialists are one in the fact that while we were busy trying to get together we did not have time to make converts, they were always proselytizing in houses and out. We ought to learn from the socialists."

It is said that in the election of Dr. L. M. Briles, head of the First Central state school at Ada, as president of the State Teachers' Association, C. J. Wilson, superintendent of public instruction, scored a victory, and added immensely to the prestige both in building up friends to the new educational organization. Questions will now be removed from the state school system, and conditions of living are said to be better than ever before.

PREACHER FINED FOR SAYING AMEN IN OPEN COURT

MUD CREEK DIFFERENCES AND ENTHUSIASTIC PAR- SON END JUDGE'S GOAT

There has been a difference between the two sides of the mud creek on several occasions in the past, but the present one seems to have passed beyond the bounds of mere differences of opinion to become a real cause of trouble.

On Saturday morning, December 1, the Rev. W. E. Williams, pastor of the Methodist church in Mud Creek, was fined \$100 by Justice John T. Williams, of the county court at Mud Creek, for saying "Amen" in open court.

It is believed Williams did not know he was breaking the law.

Williams is a member of the Mud Creek Methodist church, and has been a member of the church for many years.

ROSE TAKEN UP

It may take up a story here, but the reason why in my opinion a man such as Mr. J. D. Hood is a scoundrel, is because he is not a man of principle, but rather a man of self-interest, and he has been a scoundrel since he has been in office.

EMORY MICHIGAN

Scoundrels are the main shoulder-huggers for him, because a powerful group that will persecute the Rev. Dr. J. D. Hood, *Surgeon to the Mass*, has been gathered around him, and he has been a scoundrel since he has been in office.

HOMES AND BE DESTROY

It is a good idea to buy a house, but if you want to buy a house, you must have a good place to live in.
